

NAME: _____

Pollution Project Homework

I. Pollution Inspection

What kinds of pollution did you see today? Report as many kinds as you can.

Example: I saw smoke coming from a factory while I was walking home from school.

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____

II. Home Energy Audit

Please inspect your home and answer all questions in complete sentences. If you answer “yes” to any of the questions, explain how what you found can impact the energy efficiency of your home. If you answer “no” to any questions, explain how this saves energy.

Example: Yes, I saw the door left open two times. This lets heat escape from the house.

1. Were any doors to the outside left open?
2. Were any windows left open?
3. Was any cold air coming in around windows or doors that were closed?
4. Did you observe any lights left on in rooms when nobody was in the room?
5. Was a TV or radio on when nobody was watching or listening?

III. Taking Action

What can you do to help save electricity and help reduce pollution?
